

Synergetic Play Therapy™ - Regulation Activities

Listed below are just some examples of activities that can be used to help regulate a dys-regulated nervous system. It is wise to do these activities pro-actively, as well as in moments of dys-regulation. It is also important to follow the body's innate wisdom back to a regulated/ventral state. These activities are important to be done alone AND with someone.

- Run, jump, spin, dance with pauses to take deep breaths- you can make a game and have child jump high to touch something high on a wall or in a door frame
- Run, jump, etc and crash into something soft (i.e jump on a bed and crash repeatedly)
- Bounce on a yoga ball
- Roll across the floor back and forth
- Sit in a chair and push up with your arms (as if trying to get out of the chair)...keep some resistance
- Massages
- Deep pressure on arms and legs (you can slowly apply pressure down arms and legs in a long stroking motion)
- Eat (particularly something crunchy)
- Drink through a straw
- Take a bath or shower
- Wrap up in a blanket and snuggle (a little tightly for some pressure)- of course, do this safely.
- March or sing during transitions
- Play Mozart music in the background during challenging times of the day if in hyper-arousal
- Play Hard Rock/Fast/Bass music if in hypo-arousal
- Carry heavy things or push heavy things around
- Do isometrics (wall pushups or push hands together (looks like you are praying))
- Walk quickly
- Run up and down steps
- Shake head quickly
- Hang upside down off of a bed or couch
- Play sports
- "Doodle" on paper (this one can be a bit more distracting, but sometimes works)
- Hold or fidget a Koosh ball, rubber band, straw, clay
- Rub gently or vigorously on your skin or clothing
- Put a cold or hot wash cloth on face
- Dim the lights if in hyper-arousal
- Turn on the lights if in hypo-arousal
- Read a book
- Swing
- Learn about "Brain Gym"- tons of ideas
- Yoga
- Snuggle
- Dance
- Move, move, move- any way that it feels good to your body
- Describe what is happening in your body out loud- "My tummy is going in circles", "My legs feel heavy", etc...
- Breathe, breathe, breathe- make sure that your inhalation is the same length as your exhalation-
