

Reception's take home task: My fascinating family!

A homework task for parents and children to share

Find out about your family. Collect old photographs, take new photographs, draw or paint pictures of your family. What fascinating facts can you find out about Mum, Dad, your brothers and sisters, Grandpa, Grandma, Aunties and Uncles?

When you have gathered all your information, you can display it anyway you want to. You may want to design a family poster, make a family scrapbook or design and decorate a family collage. There is no right or wrong method!

Please remember to name your wonderful work.

To be completed and handed into school by: Friday 6th November 2020
