Re: School Closure Thursday 16th and Friday 17th December

Dear Parents and Carers,

As you're aware we've had a gas leak at school which has meant we've had no heating and hot water since Saturday. My hope was that we'd be able to remedy the situation and enjoy a normal end of term; unfortunately this hasn't been possible. The gas pipe work needs to be removed and it's unsafe for this to happen with children on site, not only that, but with windows and doors open, the place is cold.

I know you'll need some time to arrange the relevant child care, so we'll limp through tomorrow meaning that children will still be able to have their Christmas lunches and jumper day, but on Thursday and Friday when the pipework is being done, I'll need to close the school.

I'm asking staff to move to remote learning on Thursday and Friday. Like before, they will ping you the details of these and further information will also be found on their class' pages on the website. We'll hold virtual registration at 9am and afternoon registration at 1pm on both days – again the details of this will be sent to you. Should your child require packs of work to complete instead, please let the school office know by e-mailing the admin account at the foot of this letter.

I'm aware that this is not the end of term that we wanted, but trust you understand.

Happy Christmas and a Peaceful New Year to you all....

Yours sincerely

Headteacher
