Re: Heat, Newman Family of Schools Update, Summer Club, Development Planning

Hello, everyone

I hope you're enjoying the weather. As you'd expect, within school it's getting pretty warm, especially in our IT suite. Today, the children have come into school in their own clothes, but from tomorrow, I'd very much appreciate it if they could wear their OLOL sports kit. We'll keep this arrangement in place now until the end of term, please. The reason for the change is simply to provide some parity and potentially reduce the stress in the mornings of choosing what to wear. Those children involved in trips prior to the end of the year will also be much easier to track in their beautiful sky blue tops! Should there need to be any changes, we'll let you know in good time.

Next, you'll know that we take our working relationship with Cardinal Newman really seriously. Along with the other catholic schools in the Deanery of Brighton and Hove, we've formed ourselves into a family of schools where we share all of our resources in order to work towards the vision of providing outstanding catholic education from 4 to 18. Many of our children leave to go up to Newman and I'm there regularly, which is always fantastic and a great opportunity to catch up with our alumni. Recently, Cardinal Newman were inspected by Ofsted and I'm sharing that report with you as an attachment to this letter, so you can see just what an amazing place it is!

Last, I know some of you will be looking for child care over the summer and I've been approached by a member of our community to share details of a summer club in our locality.

Kind regards,

Paul Barber
